DEDICATION

We, the Senior Class of 1961, would like to express our appreciation to Mr. William E. Steed by dedicating our 1961 yearbook to him. We appreciate the patience, help, and understanding he has given us this year as principal.

Mr. Steed attended Otterbein for two years, and received his Bachelor of Science degree in Education at Miami University in 1948. In 1953 he received a Master in Education at Miami University.

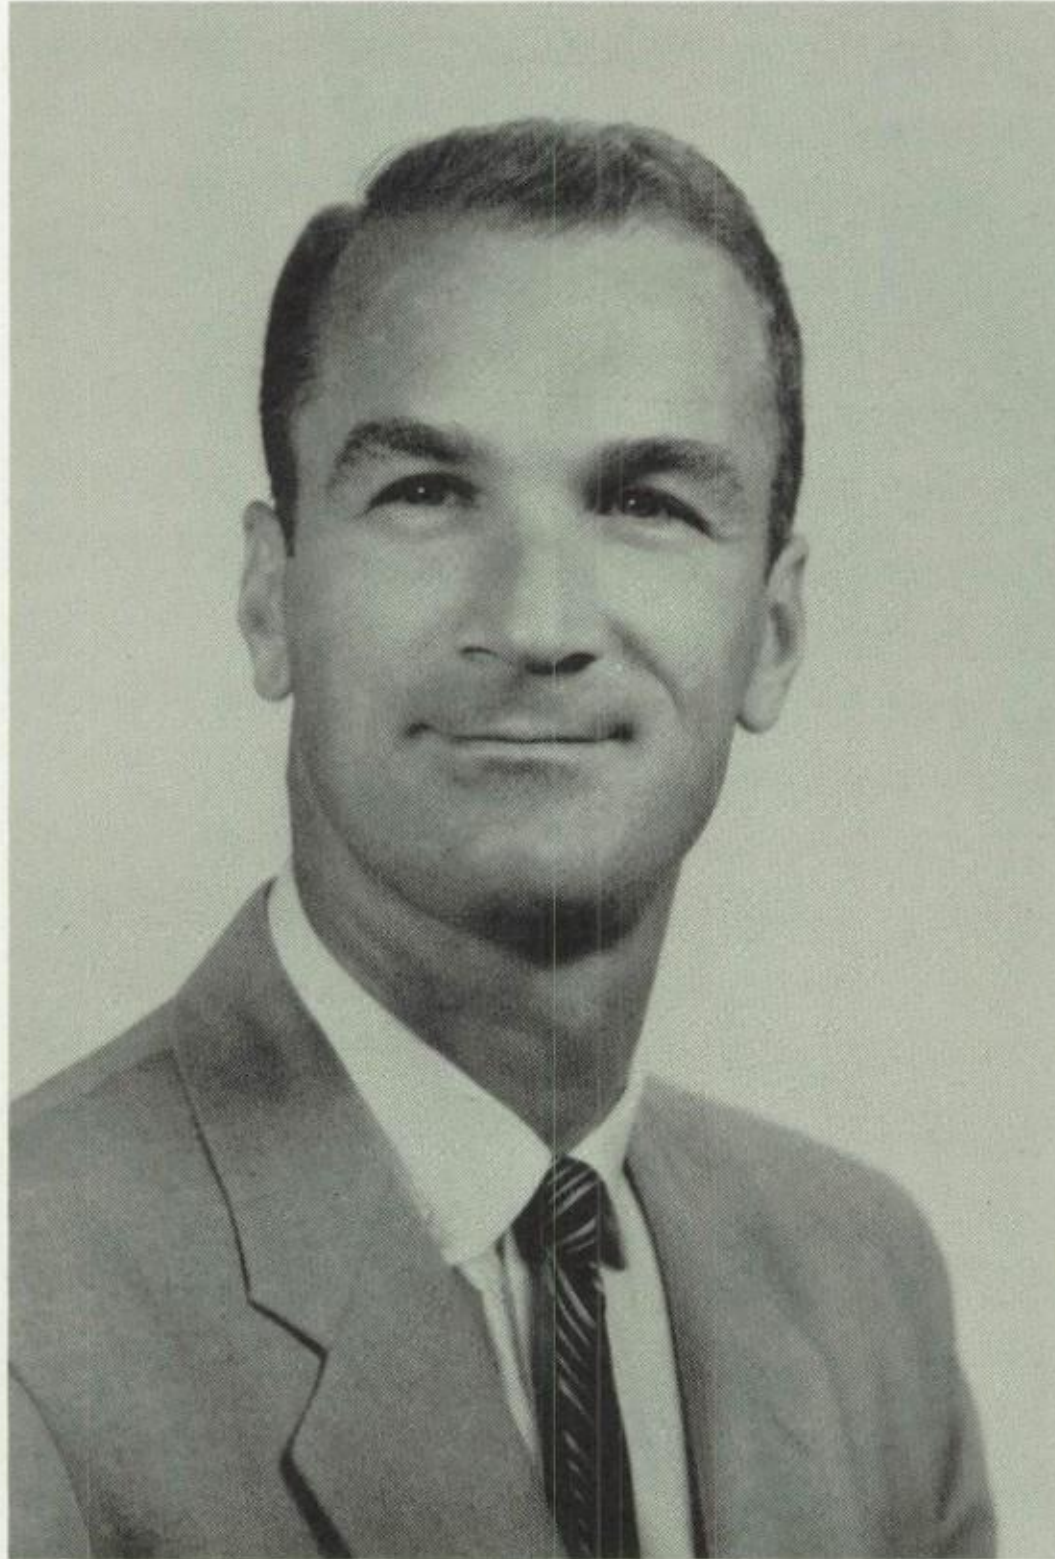

Mr. Steed came to Seven Mile in 1948 as a teacher and assistant coach for five years, and then he became principal. In March 1958, he became the Superintendent of Seven Mile. This year, being the first year of our consolidation with Wayne, he again served as principal.

He was married in 1946 to June Weiland and has two fine sons, Ted and Bill. Mr. Steed is very interested in children, school life and sports; and the welfare of his family is always of utmost importance. In his spare time he enjoys playing golf and fishing.

We are extremely proud that Mr. Steed, our principal, was chosen as the Secondary Supervisor of Butler County for next year, but also at the same time will regret losing such a wonderful man as he.

We, the Seniors of 1961, again want to express our appreciation for his guidance, help, and understanding.

PRINCIPAL'S MESSAGE

It is a privilege for me to extend to the class of 1961 sincere congratulations and best wishes. Your achievement is a significant one and will become more so if you recognize that education is a continuous process. Indeed, the word commencement itself literally means to begin.

Commendations are in order to you, the first graduating class of the Shiloh Local School District, for having set many fine examples to which future classes can aspire.

As you leave school to pursue individual interests, you should feel an obligation to those who have made this possible, and to a country in which the practice of self-determination is an inalienable right.

HOIMAN!!

Has anyone seen Hoiman? He's gone missing. He really gets in your hair when he's on the loose; especially if you're mad. He is nice and sort of if you like that type. He's cute too. He's about so tall and about T-H-I-S wide with cute ears, and bluish-blackish-greenish-yellow eyes. He is like any other normal being of his type, but he's a little confused!!!!

You see he started wearing sunglasses to school thinking it improved his looks, but—What a revolting development this was!!!

Hoiman was homesick for Alaska about three weeks ago. He isn't from Alaska though; he just likes to imagine things. Anyway, he turned off the place here at school to get the "Hoiman" atmosphere. Had you noticed? For more exciting episodes in the life of Hoiman, see our next issue of Seven Mile Signal.

COMMENDATION ARE IN ORDER

With the conclusion of the first semester it is gratifying to observe how well our student body has adapted itself to our new school situation. I am impressed with the general spirit of cooperation and the sense of purpose that is exhibited by so many.

The reputation that a school enjoys depends to a very large degree upon the attitudes of the students who attend it. I feel that we are off to a good start. I commend each of you who sense the importance of this, and are doing your part.

WHAT DO YOU THINK?

Today's trend in basketball is toward tall players; I mean real tall players. Naturally everyone has his own opinion on the subject and his own ideas about how to remedy the situation. Here is one writer's opinion taken from the Hamilton Journal News.

"When basketball flourished, a team that allowed its opponents to score 40 points just naturally lost, besides which it got a dressing-down from its coach for the complete collapse of its defense.

"In this other game it's perfectly possible to allow 140 points and still win. It was a couple of weeks ago that Syracuse whopped somebody by 162 to 100, whereupon I became violently ill. I was well on the road to recovery when I read in the paper where the Celtics beat somebody 150 to something and I suffered a relapse.

twelve feet, or doing bankboard altogether. The best idea is the fellow who lowers the rim to 3 ft. 6 in.

If you have any ideas, let them in to the Journal.

SEVEN MILE VS. TRENTON

Seven Mile defeated Trenton 64-57. The Sevens lead 2-0 in the early game and lead the Trentons 1-0. Warren Elam scored 15 points, his high for Seven Mile.

SEVEN MILE VS. SYRACUSE

Seven Mile, downed Syracuse in the second quarter, the half with a defeat that practically stopped the game. Seven Mile gained 10 points in the first quarter and 10 in the second.

BAND

In another band win, the Sevens beat the Trentons 10-0. The Sevens were able to win the game by the end of the first quarter. Although the Sevens were a little out of sync, we still won. Our band is the new band and will be the best.
